# Access2Learn Newsletter 3

Our vision is to give all adults, regardless of their background, equal access to programmes of continuous development and thus contribute to their competitiveness on the labour market.

## Workshops

The English version of the workshop concepts and worksheets can now be found on our website, with the versions in Czech, Finnish, German and Spanish soon to be available as well.

## Pilot testing

Partners have already started with the pilot testing process of the project in each of their countries, putting the content that we worked so hard to make into practice and getting insights on how it performs. We also had an exchange among teachers and trainers to discuss their experience.

## Learning materials

As well as the workshop content, the learning materials are now available in English and can be accessed through our website, with the rest of the languages to come at a later date.

## Self-evaluation tool

The self-evaluation tool is now finished in all languages and it is available on our website. Feel free to try it out!

## Meeting in Prague

The third partner meeting was held in Czechia, in Prague, in June 2023, during which we discussed the final steps to take before the end of the project (and we had a great time too!).

Scan or click on this QR code to access all the material we have created!

## Podcasts

We have recorded podcasts in each of the partners' languages which will soon be available to be listened to. Stay tuned for more information!
