Access2Learn Newsletter 4

Our vision is to give all adults, regardless of their background, equal access to programmes of continuous development and thus contribute to their competitiveness on the labour market.

Pilot testing

This has been completed successfully with very positive results from the trainers and learners. We had pleasure to hold this meeting with three trainers from each country who shared their experiences from outputs from learning materials and trainer materials.

This meeting served as a platform for constructive dialogue and knowledge sharing among trainers, leading to an enriched understanding of the strengths and areas of improvement within the learning materials and trainer resources.

Multiplier Event

Partners are coordinating between themselves about how the multiplier events should take place, partners are looking forward to organizing this event in their countries which will include 50 participants in each country.

Online meetings

After our project last transnational meeting held in Prague, our partners have been participating in three online meetings until 04.10.2023. Our project is almost finalized and last details are being clarified to guarantee our project quality.
